Leslie Brillantes

Software Engineer, Infor

(Available upon request)

## CAREER OBJECTIVE

3+ years of experience in developing and optimizing web applications. Proficient in full-stack development using scrum as methodology. Looking for an opportunity to join a collaborative team where I can contribute to innovative projects, improve system performance, and continue enhancing my technical expertise in technologies.

## WORK EXPERIENCE

### Software Engineer

Infor PSSC Inc.

January 2022 to Present

- Handle enhancement and bug tickets for web applications using HTML, CSS, and JavaScript.
- Perform regular HR Payroll project updates using proprietary language.
- Conduct monthly security scans using AppScan and OWASP ZAP to identify vulnerabilities and enhance system security.
- Collaborate with cross-functional teams to ensure timely resolution of issues and improve application performance.
- Attend client calls when needed for development consultation

### SAP FICO Application Development Associate

Accenture

March 2018 - February 2021

- Designed, developed, and implemented SAP FICO projects for clients in America and Europe.
- Delivered COVID-related projects on tight deadlines, ensuring smooth production deployment with no issues.

## EDUCATIONAL BACKGROUND

### St. Paul University Philippines

Bachelor's Degree in Information Technology

2017
